Camp Perry Joint Training Site  
1000 Lawrence Road  
Bldg 2815, Attn: ONM  
Port Clinton, Ohio 43452-9578

## **The Mission of the Ohio Naval Militia**

**The Preparatory Mission of the Ohio Naval Militia** is to assist in providing relief from natural disasters and states of emergency, as called upon by the State of Ohio Governor or the Adjutant General.

**The Training Mission of the Ohio Naval Militia** has Sailors of the Ohio Navy continuously train in navigation, radio communications, boating safety, boat handling, maintenance, and boating support functions.

**The Active Mission of the Ohio Naval Militia (ONM)** is to patrol the government impact area of the waters of Lake Erie, just off the coast of Camp Perry Joint Training Center. ONM boat patrols of this impact area provides support for the Ohio National Guard and other state and federal military units as they perform weapons qualifications prior to deploying. Additionally, the boat patrols of ONM Sailors support the Civilian Marksmanship Program (CMP) and the annual National Matches, held since 1907. It is the presence of the ONM patrols that permit this impact area to only be closed during range use, enabling these Lake Erie waters to remain open at all other times. Thus, advancing outdoor recreation access for the enjoyment of fishermen and recreational boaters.
